PharmPAC Chair*

“PharmPAC keeps you informed and educated about the political process and its impact on our profession. PharmPAC is your tool for influencing the outcomes of elections and helping to shape and protect your practice and the health of your patients. Since you are the political power of pharmacy, it is important that you invest in PharmPAC today.”

“I am convinced that legislators will decide the future of the pharmacy profession. Your investment in PharmPAC will help the Texas Pharmacy Association elect and keep in office state legislators who understand and support pharmacy professionals and good pharmacy care. Please invest in the future of your profession—invest in the political power of PharmPAC.”

*Louis Rumsey, 2004-2009
PharmPAC Chair*

What is PharmPAC?

PharmPAC is the political action committee of Texas Pharmacy Association—with the single focus of supporting TPA's advocacy efforts on behalf of Texas pharmacy professionals and the patients they serve. PharmPAC helps build and strengthen relationships with officeholders and encourages positive dialogue that leads to sound legislation that protects your profession and enhances your abilities to help patients.

The goals of PharmPAC are:

- To improve and protect the pharmacy profession by encouraging pharmacists, technicians, students and other individuals—on a non-partisan basis—to become more active and effective in state governmental affairs;
- To assist pharmacy professionals and others in understanding the actions of state government regarding important political issues;
- To educate pharmacy professionals and others about the political/legislative process and encourage their greater involvement in the electoral process and voting;
- To promote fair and responsible legislation affecting pharmacies, pharmacy professionals and patients;
- To solicit financial contributions from pharmacy professionals and others to be used in assisting state officeholders and candidates for public office;
- To assist and support state officeholders and candidates for public office through PharmPAC political endorsements and financial support; and
- To uphold the tradition of individual liberty and support the rights guaranteed by the constitutions and laws of the United States and State of Texas.

Does One Voice Really Matter?

It does...especially when you combine your voice with other pharmacy advocates.

The political process affects you personally every day. It also has a major impact on your pharmacy career. Government affects so many areas of pharmacy:

- licensing requirements;
- relationships with your patients;
- reimbursements;
- insurance policies;
- record-keeping demands and
- more.

Becoming an **investor** in PharmPAC is an important step in protecting your profession and business. It is the reason to support and elect individuals who are accessible and willing to listen to your opinions and to learn how their decisions impact you. Those that are supportive of pharmacy need your financial support. The cost of political campaigns continues to grow and our friends need financial resources to win.

PharmPAC encourages all Pharmacists to invest at least \$100 and Pharmacy Technicians in Texas to invest at least \$25 annually to help meet our \$300,000 goal.
